# Victor: A Novel Based On The Life Of The Savage Of Aveyron

## **Synopsis**

"As the French revolutionaries begin time anew with year one of the new calendar, a feral child, who has somehow survived on his own in the wild, is delivered into the hands of Jean-Marc-Gaspard Itard, a doctor and teacher of deaf children in Paris...Readers will be mesmerized and even stirred by the questions Gerstein raises and attempts to answer."-Pointer/Kirkus Reviews

## **Customer Reviews**

This is a very good book but I am highly disappointed in... age recommendation...ages 9 to 12?

Parts of this book include attempted rape scenes and masturbation scenes. Although well written and a good case study for adults, it is not for children.

This book is a must read for teachers, therapists, and anyone who works with children--especially damaged children. The educational approach is fascinating; the description of the boy's experience is touching. Just for clarity, this is a book for ADULT readers, not for children. Gerstein wrote a picture book on this subject (THE WILD BOY) which is appropriate and enjoyable for children.

Victor is one of the best books I've read in a long time (and I read a LOT). The issues presented will have readers talking and thinking about society, education, humankind, and mental health for a very long time.

WOW! This book was great! It didn't have much action, or much plot...but I learned a lot from the

book. Like about geography, and other lil things. It was exactly five stars, but I thought a four would do it.
