These are cute questions and it's nice for what it is, but it would have been better to have known that it is 14 pages repeated multiple times. That means it's 7 sets of 40 questions repeated. That's not 1000 different questions which is what the title implies.

I love this book! It is fun for young and old--a great conversation starter for dinner parties. I give it as a gift to friends of all ages. The graphics are awesome, too.

My daughter LOVES this book! She carries it around with her wherever she goes, and quizzes her friends and teachers! Each person gets two pages of questions asked to them about their likes, dislikes, dreams, personality, opinions, etc...Everyone enjoys sharing things about themselves and tells her that this is a great book! They all ask where she got it! It would make an awesome gift for birthday or christmas! It's also fun to try and guess what other people's answers were, to see how well people know each other! It is a great conversation starter for a shy person!

Perfect gift for a 9-year old girl. Our daughter loves Madlibs and writing, so this was the perfect gift for her to use when having girls over for sleepovers and for all around fun. I initially saw it at a scholastic book fair. It's great quality and packed with tons of questions for hours of fun.

Got this book after my 10 year old daughter saw it at a book fair. It was a huge hit at a recent sleepover she went to!

I bought this book for my youngest granddaughter after she saw it at a book fair. She loves the book and all the grandchildren took turns asking and answering the questions. Great book for keeping them occupied!

Bought this book as a party favor for my daughters 10th birthday. The girls loved the book and played with it for hours. All of the moms have commented on what a great idea this was for party favors. Good clean fun for girls.

My friend brought this great book to school and quizzed all of our friends! We couldn't stop playing. Its little questions that are so much fun to answer. And the best thing is that they don't tell you who to be or what you are like magazines. Its pure fun. I brought it home the next night and used up about 20 pages with my own quizzes. its SO much fun!!!i cant wait to get my own
