Fantastic Birds to Color by LightBurst Media 35 Coloring Pages Glue Bound on the left side Medium weight paper Dimensions 8-1/2 X 11 Illustrations are Single sided Non perforated Recommended for beginner to advanced colorists

This is a beautiful coloring book. Lots of little details on each birdpage and I am having fun coloring these pages. There are 35bird images and only one image per page. All images are original andnot stock art. I've been using Sakura gel pens without any bleedthrough. Definitely recommend this one!

I received a free copy of this book through the librarything giveaway program. This was a wonderful book with serene images. I appreciated the advice given regarding what type of coloring tools to use. There is also a page encouraging sharing via social media. That was a smart and unexpected touch. Overall very beautiful coloring book!

This is the perfect remedy if your job or daily responsibilities get in the way of time to meditate or be creative. I know that adult coloring books are all the rage now, but I especially enjoyed the focus on the beauty of nature, rather than merely random designs. There is a lot of detail on each page, and you are limited only by the number of crayons in your box.
