Customer Reviews

Many drawings unfinished and you need to draw to close the lines. My grand daughter was so excited to order this and after coloring one picture she dislikes this book. First one I seen her dislike. I also dislike it. Obviously hand drawn sketches. If I wanted sketches to color I would do them myself. Te detailed pictures are over cluttered and others are just blank sketches. Some are half done drawings. Boring and not relaxing like so many oter animal books..

Very diverse artwork with many styles to choose from. All "horses" no unicorns or pegasi... I may be the only one disappointed by that! But the horses resemble everything from realism, fantasy and paint by number. I think any horse/ coloring lover would enjoy this book!

Very tiny detail. Other than that it is cute.

I have always been a horse girl. nice book
