## Customer Reviews

The book was a replacement for one that was borrowed and not returned. The book is a good interpretive account of how The Rapture could take place, in real world terms. The writing style is captivating, creating a sense of anticipation throughout not only this book, but all the others in the series. I would recommend it to anyone wanting an understanding of end times from a worldly viewpoint.

Not as described, returned

Excellent, fast moving plot with good premise. I don't agree on ALL the theological details with the authors, but they take a mainstream enough view of prophecies. Definitely gets you thinking about what Revelation might look like . . . Lots of characters introduced that I had to keep straight initially, but they all fall into place quick enough.

Arrived quickly and was exactly as described

The book shipped quick and it looks great!

Excellent condition

very interesting

So close to the bible the whole series.
