## Customer Reviews

To ask Lisa Hunt to illustrate a traditional Lenormand deck was really throwing down the gauntlet. Yet, once again, she rose to the challenge, with a wink and a nod, and created a deck which appears straightforward enough to satisfy the most demanding traditional cartomancer, but also contains the tiny embedded symbolism her loyal fans look forward to. Lenormand is not tarot. It is meant to be read precisely based on the predominant symbolism and the placement of cards. Ms. Hunt's drawings meet that criteria nicely. Those who choose to look closer, however, will find that the lady in Clover seems to have a blissful secret the rest of us cannot see. Then

there's a Tree. Of course, we expect the face emerging from the trunk, but what about those roots reaching out like octopus arms to grasp the ground. Arwen Lynch does a superb job of linking the appropriate Fairy Tale to each card and explaining how the archetypes in the tale lend themselves to the Lenormand symbolism. This is a lyrical and captivating addition to the Lenormand library. Contained in a beautifully designed metal box, it's a special treat for card lovers and the people who love us.
