Esoteric Structure Of The Alphabet

Synopsis

2015 Reprint Edition. Full Facsimile of the original edition. Not reproduced with Optical Recognition Software. Originally published without date by The Academy Press, the book was written as an effort to uncover a sort of "crypticism" that lay behind the letters of the English alphabet, ostensibly hidden there by "Sages" to "safeguard precious cosmic and anthropogenic truth from desecration by the 'rabble.'"

Book Information

Customer Reviews

The nature, meaning, and origin of the alphabet is an interesting topic, but a difficult one to research, for lack of material. This short book provides some of the deep insights that I was looking for.

A.B. Kuhn has shown with great emphasis the simple manner in which God and/or the early Magian scribes from UR and onwards have described the method and the purpose that THE HOLY ONE OF BEING, institutedAs both the process (intelligent design) of creating a universe for fulfillment of souls who experience creation, and life in bodies, and a blueprint for progress via expressive communication. He shows all language to have its roots in alphanumeric pictograms

This is one of the best books I have ever read on the subject of allegory relating to the Hebrews. Absolutely loved it. I will never be able to read the bible in the same way again.... Love those

Hebrews!!!!

I'll never look at the alphabet the same. I've studied Hebrew and a little Greek and now devolving into Ancient Egyptian. This book helps you see past the letters into the spirit.

This is such a good book, I could hardly lay it down. The information is easy to understand, and easy to read.

This is a very good read for those who are serious about esoteric study! It shed a lot of light on things I was curious about!

Again, if you want the truth, you have to read about it and this book delivers.

An excellent, eye opening read.
