I believe the reader will find profit and inspiration from reading this book. The author develops his investigation by showing the unique qualities of the Eternal Word of God. I'm sure we have interest in what the numbers mean in the Bible. Good book and the price was good and came before it time expected. Thank you

Goes into depth, regarding the various numbers referenced in the Bible...an exhaustive work on the plain and hidden meaning of numbers in the Bible and their relationship in revealing God's character, His creation and His purpose.

While the book is very informative, the writing was/is lackluster. The book was not very engaging and should be approach like the reference book it is.

The book was very interesting and clearly explained the significance of how God uses numbers in the Bible. The book was an easy and fast read. The book was extremely helpful as I prepared a lesson on the Significance in the Bible.

i know there are more numbers/ name values than what was covered in this book, however, this book was very informative.

I chose this book cause I didn't have any book on what numbers meant in the bible. I find it very helpful.

Good reference for studing numbers in the Bible. I use it for Bible Study purposes and members of the church enjoy my presentations.

Good book. Some truth about biblical numerology, and other Biblical truths. I will recommend to other people to read too.
