This was a pleasure to read and receive spiritual wisdom. Mrs. Hunt is a dear friend and I appreciated the transparency of her writing and elaborate personal accounts of her dating experience. If you are ready to be positioned for Marriage and take criticism on dating mishaps I

encourage you to read this book. Each chapter will motivate and encourage you to find yourself ready for a union in marriage. My only downfall I found in this book was I never came across the story or background for how Mrs. Hunt found Mr. Hunt. I also wondered what significant life events led up to finding Mr. Hunt at that particular point in life. This would've given more perspective and insight for the reader to understand 'Gods timing" as it relates to Marriage.Thanks for Sharing your Story**

I absolutely love this book. Although I am married, I wanted to get this book for soooooo many young ladies that I know who are single. This book was well thought out. She covered every excuse that single ladies make in wanting to play married although they are not. I will be inviting her to be my guest on "Learn With Joy" as she is needed in the marketplace. I highly recommend this book for singles. I also recommend it for married ladies as well because I know that their is at least one single female you influence.

Positioned to Be Found was a very exciting & informative book to read. It was well formatted & thought provoking. What I like the most about the book is Teresa Hunt's transparency. It felt like she was actually sitting in the room coaching me as I positioned myself for the ring. It also had me to take a closer look at past relationships & exactly why they failed. It gave me the tools that I will need in my future relationship to set boundaries, discern true love, & be ready to submit to both God & him. I am empowered to allow myself to enjoy the season that I am in & continue to walk out my God given purpose. I will no longer say that "I can't wait" because I can as God position me for his perfect timing. I've already recommended this book to my sister & friends who are single as well as all of my single Facebook friends. Much success!!!

Minister Teresa Renee Hunt's book is a phenomenal blueprint for women who understand that their "worth is far above rubies"...priceless! In a very transparent and engaging way, Minister Teresa provides intriguing stories, Biblical references and insight for positioning oneself to be found by one's right future husband. She speaks authentically as one initially marred by the pain of rape and low self-esteem but eventually transformed by God's design to know who's she is and who she was.....a jewel of GREAT value!

I finally finished Teresa Renee's Positioned to be Found. As a wife and as a friend to single and engaged women I really want to encourage you to read this book. I read plenty books on dating

advice and preparing for marriage books but this one stands out from the rest. Teresa will have you convicted, convinced, and conformed by the time you are finished reading. If you are a single(not married) Woman this will definitely help getting in alignment with God's will for your relationship life. I've posted a few notes in the last few days I really didn't want to spoil it for those who are going to read it, but sometimes just the small reminder of what we should be doing in the crazy world can help push someone in the right direction. Awesome read. Seriously, I would've loved to have this in my collection before I got married. As a wife now I did read some parts that I had to check myself and say, "hey I need to do better for my husband." But I don't want to ramble. LOL Positioned to be Found won't tell You how to Find a Man. It will teach you Be Still and wait for God's best to Find You!!! Are you #Ready4TheRing?

I REALLY love this book. By the first chapter I was ALL in. Love how the author gives the reader an assignment in order to help the reader understand the importance of recognizing and resolving issues. This isn't just a book to read but it's also a guide!

I can truly say this book really blessed me in so many ways. It has really helped me to be better prepared for marriage in my Singleness. You just can't read this book one time, the wisdom the jewels were so inspirational. The transparent moments made you look at your life from a different perspective. I had some ouch moments, but it help equip and prepare me for this Season. L.F. God bless

Positioned to Be Found is for YOU!!! It is a book that I refer to friends and colleagues who are preparing themselves for marriage. Teresa didn't an excellent job of conveying inspirational and practical content that can be applied immediately.
