Wolf Coloring Book: A Hyper Realistic Adult Coloring Book Of 40 Realistic Wolf Coloring Pages (Advanced Adult Coloring Books) (Volume 1)

Synopsis

Get Hyper Realistic Results with this Advanced Adult Coloring Book! These 40 highly detailed sketch style wolf coloring pages will transform the way you shade! Please Note: This coloring book is VERY advanced and is NOT for beginners. This book is aimed at those who have some degree of artistic skill or budding artists that are looking for a challenge in order to improve their shading skill and color theory in an enjoyable way. Features of this Wolf Coloring Book for Adults: Single sided coloring pages allow for the pages to be removed Suitable for markers, felt tips, gel pens, coloring pencils and more due to single sided pages No solid black outlines allowing for hyper realistic shading Challenging images will require more focus and help to reduce stress levels Tips for Coloring this Book: This book is best used with reference. You donâ™t need to have a reference image that looks exactly like the one you are coloring, just something similar. When you are coloring, look at your reference image and really study the colors. If you are coloring grass then notice how itâ™s not just green. It may have areas of yellow highlights, brown and orange blemishes and even blues in the shadows. If you are coloring the bark of a tree, notice that itâ™s not just brown. It may also have areas of green moss, orange hues, reddish areas and even purple areas in the shadows. Donâ™t be afraid to experiment and use colors in areas that you would not expect them to be. Often, this is how the most striking and realistic results are achieved!

Description: This adult coloring book of wolves is perfect for those of you who are looking for a real coloring challenge. This advanced coloring book is not for the faint-hearted, it will challenge you and require a lot of effort to achieve high quality results. Once these results are achieved however, you will have finished coloring pages that you can be more proud of than ever before. This book has been designed specifically to help people unwind through coloring but at the same time develop fine artistic skill. Many adult coloring books just require you to block in small sections with color, this book however, will actually make you use your artistic brain and develop new skills. So if you think you, or someone you know who may like this book as a gift, are up to the challenge, then get started today and begin to hone in on your hyper realistic shading techniques!

Customer Reviews

Not what i was expecting. Picture are shaded in heavily. Doesnt really feel like you are coloring.

Weird. These look like grayscale prints of real photographs rather than coloring pages. They're pretty pictures, mostly, although some have such blurry backgrounds it's hard to tell what they're supposed to be. I haven't figured out yet how to color one.

The pictures are all in grayscale, so they are not good to color.

Wasn't sure I would like grey scale photos but found those in this book to be great. like the reality of the pics. I recommend.

The paging a almost look finished with all the added detail. I bought it as a gift so I don't know if it was actually of value.

can't wait to work on this - will take some real effort but I am sure it will be worth it. Very well done book and good price.
