For thirty-five girls, the Selection is the chance of a lifetime. The chance to live in a palace and compete for the heart of gorgeous Prince Maxon. But for America Singer, being Selected is a nightmare. It means turning her back on her secret love with Aspen, who is a caste below her, and leaving her home to enter a fierce competition for a crown she doesn't want. Then America meets Prince Maxon. this book series is my life.... when the 5th one come ou in oct... i sugget you get it but read th others first :)

So I am going to include each one of the reviews I have for each one of the books. Overall this is a great series and a great story. The Selection: If I was asked to describe this book to a friend here is how I would do so: Its 30% like the Princess Diary's movie, 30% like the Hunger Games, 30% like The Bachelor TV show and the other 10% is just pure awesome. I was sucked into this story and pulled into the plight of this young lady as she deals with the emotions of the selection. I was very tempted to give it 4 stars due to the relationship with Aspen (very similar and very familiar with this

genre) but didn't do to the end of this book. I loved and and can't wait for the next one!The Elite:Excellent book. I do admit that there was times that I wanted to yell at America to "just pick Maxon already!!" but overall I was just swept into the story. I fully enjoyed it and every minute of it. I loved the writing style and how the author took time to describe the details (especially the dresses, I LOVED all the dresses). It is bugging me that America is not being as honest to Maxon about the King being so mean to her but I understand why she didn't tell him. Great book. Now I just have to wait till book three.The One:This one was such a great way to end a series. Each character got a ending that was perfect for them. I love the characters and overall this series is a major guilty pleasure for me.The Heir:I starting out not liking the main character at all. I thought she was stuck up, ungrateful and such a disappointment to her parents. I couldn't stand her at all and was longing to read America's story. But at the end the author made up for it by making the character likable again. Still was only a 3/5 for me. Hopefully the last book is better.Overall this is a good series to marathon and would recommend it for any YA fan.

I love that this came in such a beautiful box. I kept the box on my shelf to keep the places open for the books that belong in it and I just love how clean it looks. Came also in perfect condition, couldn't be happier.

these books captured me from the start. i enjoyed every last bit of them. i highly suggest that you buy all of these books and the 5th which will come out sometime in may.

these books are absolutely amazing. I completely recomend them to anyone who likes romance and action.

Definitely a series that young teens and even adults would enjoy. Great storyline! The series is written by a Christian author so there's no bad scenes in this series, unlike other books which you have to watch out for.

My daughter loves these books! She can't put them down!

Bought for Daughter- Came as expected.
